

NATIONAL COLLEGE OF FIRE & SAFETY ENGINEERING

An Autonomous College Recognized by (Government of Maharashtra)

MBA in Industrial Safety Management

The Master's Program in Business Administration Of (Industrial Safety management) of the N.C.F.S.E is to equip practicing Executives and Managers, working in Private / Public Sector Undertakings / Banks/ Educational Institutions. Industrial Management in India involves the efficient management of several domains such as planning, operations, financial planning, etc. The program focuses on the knowledge and skills required in managing different functions in a factory. The subjects of MBA Industrial Management include supply chain management, production management, and various other objects. The job scope is diverse, and it is best suited for the students who want to get into the core manufacturing sector.

Distance Learning:

Distance learning is a way of learning remotely without being in regular face-to-face contact with a teacher in the classroom.

Every year we conduct our examinations of given courses in the month of June and December. You can join NCFSE for correspondence courses throughout the year to enhance your knowledge. The courses that we offer are highly compatible with international standards.

Admission Procedure:

Send Demand Draft in favor of NATIONAL COLLEGE OF FIRE & SAFETY ENGINEERING payable at Nagpur of amount Rs 9500 course fee. As soon as we received your Demand Draft and application form, we will send you study material at your given address.
